Profile

Graduated in Multimedia, with 5 years of experience using 3D software. During my degree, I explored various multimedia fields, such as video editing, sound, photography, modeling, and 3D animation. This is a highly competitive field; therefore, I am constantly seeking to develop my skills and explore new tools to enhance my portfolio.

I have the ability to work in a team, both in academic projects and, more recently, in freelance work, always being responsive and aiming to maintain a positive and dynamic work environment.

Education

2014 -2018
Music Conservatory - Clarinet
Centro Cultural de Amarante (CCA)

2021 - 2024
Bachelor's Degree in Multimedia
Escola Superior de Media Artes e Design - Politécnico do Porto

Experience

2024 - Present
Content Management
 KILT (Freelancer)

Responsible for collecting and editing video material (VTs), creating small animations, and ensuring the timely delivery of content for the biweekly comedy show "Conteúdo do Batáguas." Additionally, I perform minor video edits for other projects and develop 3D mockups to visualize products and/or environments.
